Testimonials

I used QXAS for a 40 hour clean-up project. They completed it within the week, provided me precise feedback, brought up any queries which in the end helped me take on this client while meeting my other deadlines.

CPA, Long Island NY

Helped me get out of a pickle this tax season. I didn't have time to train a new employee and QXAS stepped in and surprised me with their knowledge of ProSystem Fx. Great quality service!

CPA, Bergen County NJ

I utilize QXAS on a full time basis. They provide me with a tax expert who has knowledge in UltraTax, and can work on the software over night for me. It was a great feeling getting into the office each morning with a dozen prepared returns ready to review.
